What is the 5 Voices?

Ever wondered if your Voice was truly heard and valued within your team? Have you ever struggled to bring challenge effectively?

That's why The 5 Voices system was created, so that you and everyone in your team can bring your best to the table, every day. Just imagine what that would look like within your local council? What would happen to your team's communication and performance if everyone's voice was truly heard and appreciated?

The 5 Voices system helps people become better leaders, helps teams collaborate more effectively and helps organisations build healthy cultures. It's quite simply a 'sticky' and useable language and set of tools to bring transformation to individuals and teams. The 5 Voices is already working its magic around the world in organisations including; Google, UK Foreign Office and BMW.

So here is the challenge, it all starts with you.

Do you want to discover what its really like to be on the other side of yourself? Book onto this workshop to discover your Leadership Voice and be empowered to use it effectively.
